"EUTELSAT",

Subject: Notice regarding the cease of the illegal broadcast of the TV series **"ENDLESS LOVE (KARA SEVDA)"** as defined below.

Dear whom it may concern,

Our Company is the worldwide sales agent of all intellectual property rights relating to the Turkish Series **"ENDLESS LOVE (KARA SEVDA)"**. Hence it is not legally possible to broadcast, distribute, adapt, publish, reproduce or communicate to public enabling the transmission of signs, sounds and/or images of the said title, without having a written authorization issued by our Company.

We found out that the said series and many others have been illegally (i) broadcasted (ii) subtitled (iii) dubbed, which is originally in Turkish, to the Arabic language and (iv) the episodes of the series have been shared and distributed to public through the TV channel Shorouq in Algeria which I believe is being distributed via your satellite.

Despite sending the attached Notice of Default to the manager of the TV Channel Shorouq named Mr Ali Fodil, we have received no response. Which left us with no other option but to contact your satellite for your assistance.

We kindly advise this matter to be treated with urgency

Best regards,

Hasret Ozcan
